**REMARKS**

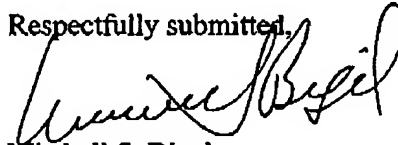

In response to the Restriction Requirement of June 1, 2005, Applicants hereby elect Invention II, corresponding to Claims 17-30, drawn to a method of making a capacitor. Applicants have canceled Invention I, corresponding to Claims 1-16, drawn to a capacitor. This cancellation is being made without prejudice to the filing of a divisional application for these claims.

Applicants are not traversing the restriction requirement because Applicants agree that unpatentability of Invention II would not necessarily imply unpatentability of Invention I.

The title has been changed to conform to cancellation of Claims 1-16.

In view of the above, Applicants respectfully request favorable examination and allowance of Claims 17-30.

Respectfully submitted,
